A Message from the Freeholder Director...

Centrally located in New Jersey, Somerset County contains a diversity of landscape, population and development that make it a desirable place to live, work and play and, for those who so choose, raise a family.

One strong asset of our county is the successful, collaborative network of organizations providing social and mental health services. The Somerset County Childhood Disability Coalition, which has developed this resource guide, is a great example of this kind of collaboration.

Developmental disabilities, including Autism, affect more children in New Jersey than in any other state. In fact, Autism alone affects one in every 94 children in New Jersey, compared to the national average of one in every 110.

All parents want their children to reach their full potential. When faced with the task of raising a child with a disability, some parents may need support services.

When that is the case, it is critical that parents be able to easily access available services and programs. This Somerset County Childhood Disability Resource guide now provides access to one central source of information, both in print and on-line.

On behalf of the citizens of Somerset County and their Board of Chosen Freeholders, it is my pleasure to introduce this valuable resource.

Un Mensaje del Director...

Localizado centralmente en el estado de Nueva Jersey, el condado de Somerset contiene una diversidad en su paisaje, población, y desarrollo, que lo hace un lugar deseable para vivir, trabajar y jugar para los que escogen un lugar donde criar a su familia.

Un fuerte punto de nuestro condado es su exitoso y colaborativo red de organizaciones que proveen servicios de salud mental y social. El Comité de Niños Discapacitados del Condado de Somerset, quien desarrollo este guía, es un buen ejemplo de este tipo de colaboración.

Discapacidades de desarrollo, incluyendo el Autismo, afecta a más niños en Nueva Jersey que cualquier otro estado. El Autismo solo afecta a 1 en cada 94 niños en Nueva Jersey comparado con el número nacional de 1 en cada 110.

Todos los padres quieren que sus hijos alcancen lo mas que puedan. Cuando se enfrenta a criar un hijo con discapacidad, algunos padres necesitan servicios de soporte.

Cuando esto sucede, es importante que los padres tengan acceso a una forma de obtener estos servicios y programas. El Guía de Recursos de El Comité de Niños Discapacitados del Condado de Somerset Provee acceso central a todos los servicios aquí en este libro y electrónicamente.

De parte de los ciudadanos del condado de Somerset y del comité de oficiales gubernamentales del condado de Somerset, es mi placer introducir esta valiosa guía.

A Message from the Co-Chair...

My daughter, Marykate, was diagnosed with Rett Syndrome at the age of 18 months. As her Mom, I wanted to do everything I could to understand the disorder, which was then completely new to me, and to find out what help was available to our family. When she was first diagnosed, I didn't know where to go for information and needed to find out as much as I could immediately. I would spend hours looking for programs and services that would help her development, clicking on website after website and compiling my own list of resources. It was after this frustrating year-long struggle that I went to the Somerset County Department of Human Services who created the Somerset County Childhood Disability Coalition to develop this resource directory for all of us. Marykate is now five years old and doing very well. I can't thank the Board of Chosen Freeholders and the caring members of the Somerset County Childhood Disability Coalition enough for all of their time and expertise in creating this essential resource. The Coalition will continue to meet and move forward in providing services to the parents and children with disabilities in Somerset County. Please pass the information along to other families that can benefit from these services.

Un Mensaje de la Co-Directora...

Mi hija, Marykate, fue diagnosticada con Síndrome de Rett a los 18 meses. Como su Mama, quería hacer todo lo posible para entender este síndrome, que a ese entonces no entendía bien porque era completamente nuevo para mí, y también quería saber que había disponible para nuestra familia. Cuando fue primer diagnosticada, no sabía dónde acudir para información y necesitaba saber lo mas que pude inmediatamente. Estuve por muchas horas buscando programas y servicios que ayudarían su desarrollo, buscando página por página de internet y compilando mi propia lista de recursos. Fue después de este largo años que fui al Departamento de Servicios Humanos del Condado de Somerset, quien creó el El Comité de Niños Discapacitados del Condado de Somerset para crear este directorio para todos. Marykate ahora tiene cinco años y está mejor. No lo puedo dar las suficientes gracias a los miembros de Comité de Oficiales Gubernamentales del Condado Somerset y del Comité de Niños Discapacitados del Condado de Somerset por su tiempo y experiencia en crear este guía esencial. El comité continuará a proveer servicios a padres y niños con discapacidades en el condado de Somerset. Por favor comparta esta información con otras familias que pueden beneficiar de esta guía.

Transition Services

The following expanded listing for Transition Services has been added to this guide in response to feedback from families. This section describes specific services for youth transitioning to adulthood at age 21.

Allies, Inc.

www.alliesnj.org

1262 Whitehorse-Hamilton Square Road, Building A, Suite 101

Hamilton, NJ 08690

Phone: (609)-689-0136

Allies provides transition services to students aged 14-21 who are making the move from high school to the workforce. Services include job development, job coaching, follow-along services, career exploration, and job sampling. They also offer follow-along and retraining services to keep skills up-to-date and relevant. For people who are Deaf or Hard of Hearing, there are Employment Specialists that are fluent in American Sign Language. The specialists not only assist the new employees, but also provide employers and coworkers with the resources to ease communication. Counselors walk students through the interview & hiring process and then provide on-site job coaching once they are hired.

Allies Employment Specialists coordinate any needed training for the positions, as well as attend any on-site orientation programs until the employees feel comfortable enough to work independently on the work site. They also offer an internship program, Career Gateway, that gives students the opportunity to participate in three different internships.

Geographical areas served:

All of New Jersey.

Support offered:

One on one job coaching, job sampling, interview skills, follow along services.

Also offered:

Transition Services

The Arc of Somerset County

www.thearcofsomerset.org

Branchburg Adult Training Center
161 Industrial Parkway, Building C
Branchburg, NJ 08876
Phone: (908)-707-0606

The Arc of Somerset County provides a wide range of services for transition aged students. The ARC operates four facilities that provide center-based and community-based employment opportunities and training to individuals.

Center-Based Vocational Assessment – The four centers – located in Branchburg, Bridgewater, and (2) Hillsborough – provide “contract” hand based work. Tasks performed include product assembly, labeling, and packaging. Time studies determine the rate at which piecemeal work is paid. Most individuals bring lunch and nursing staff is available.

Community-Based Vocational Assessment – Time-limited opportunity for the student to participate in a non-paid community work experience. Students perform actual job functions and gain knowledge of their specific employment interest. Counselors at DVR evaluate interest and ability and try to match based on initial assessment. After DVR interview, ARC works with employers for individual placement.

Pre-requisite:

Clients need to be DVR eligible for employment services and must meet with program staff to determine if ARC can meet the needs of the individual. A client does not have to be DDD eligible for employment services.

Geographical areas served:

Somerset County.

Support offered:

Resume assistance, interview skills, transportation.

Also offered:

Summer camp, Developmental Daycare, Early Intervention Program, Respite services.

Usual course of action:

Individuals contact ARC who then refers them to DVR for interview and individual placement plan. After DVR and approval, ARC works with employers for individual placement.

Branchburg Adult Training Center
161 Industrial Parkway, Building C
Branchburg, NJ 08876
Teléfono: (908)-707-0606

The Arc of Somerset County (ARC) proporciona una amplia gama de servicios para estudiantes en edad de transición. ARC cuenta con cuatro instalaciones que proporcionan oportunidades de empleo centralizado y basado en la comunidad y en la formación a individuos.

Centro de Evaluación para la Formación Profesional – Cuatro centros – situados en Branchburg, Bridgewater, y (2) en Hillsborough - proporcionan trabajo manual de “contrato”. Las tareas incluyen la elaboración del producto, etiquetado y embalaje. Estudios de tiempo determinan el índice al que el trabajo se paga. La mayoría de las personas llevan el almuerzo y el personal de enfermería está disponible.

Evaluación Profesional En La Comunidad – Oportunidad para que el estudiante participe en una experiencia de trabajo comunitario no remunerado. Los estudiantes realizan funciones reales de trabajo y adquieren conocimientos de sus intereses de empleo específicos. Consejeros en DVR evalúan el interés y la capacidad, tratan de coincidir con base en la evaluación inicial. Después de la entrevista del DVR, el ARC trabaja con los empleadores para la colocación del individuo.

Pre-requisito:

Los clientes necesitan tener los requisitos para tener derecho a los servicios de empleo de DVR y debe reunirse con el personal del programa para determinar si ARC puede satisfacer las necesidades del individuo. Un cliente no tiene que ser DDD para ser elegible por los servicios de empleo.

Áreas geográficas servidas:

Condado de Somerset.

Apoyo ofrecido:

Asistencia con hoja de vida, ayuda de entrevistas, transportación.

Además ofrece:

Campamento de verano, guardería, programa de intervención temprana, servicios de relevo.

Curso habitual de acción:

Individuos contactan a ARC que luego los refiere al DVR para la entrevista y el plan de colocación individual. Después de DVR y aprobación, el ARC trabaja con los empleadores para la colocación individual.

Raritan, NJ 08869

Phone: (908)-707-8844

Delta's Community Living & Support Services division offers a three-pronged, person-centered approach to caring for adults with developmental disabilities and their families. It is committed to enhancing each individual's independence. Individuals work in a variety of community based employment settings. Supported employment is achieved by utilizing three (3) support phases: Pre Placement, Intensive Training and Follow along. During the pre-placement phase, the staff conducts assessments, helps with the job application process and develops an Individualized Work Plan (IWP) to specify employment goals. The intensive training phase helps individuals become acclimatized to the job and their surroundings with one on one job coaching. Once an individual feels comfortable with their job duties, staff decreases on site support, but still maintains contact and conducts monthly job site evaluations. This is the follow along phase. The main goal is to offer individuals with developmental disabilities the support services necessary to find and maintain competitive employment in the community.

Pre-requisite:

Clients need to be DDD, DVR and/or Ticket to Work eligible for employment services.

Geographical areas served:

Central New Jersey region, South Jersey region and Pennsylvania.

Neighbours Inc.'s primary goal is to foster individual's independence. By establishing a Person Centered Plan (PCP) comprised of a support circle and advisors, individuals are encouraged to make decisions that affect them catered to their specific needs. The plan embodies five aspects for the support system – individual budgets, advisors, planning, support circles and customized staffing support. The support circle is selected by the individual as a trustworthy selection of friends, family and others to aid their ability to live in their own homes, problem solve and coordinate their daily schedule. They manage their own staff as well as their own budget for support and services. Those who seek assistance with employment are invited to participate in the Real Life Choices program. Real Life Choices assists individuals and families through the use of a person-centered thinking model, the *Essential Lifestyle Plan (ELP)*. The ELP is a strengths-based tool that permits people and their families to go beyond simple identification of service needs, and allows them to focus on what is important to them and permits them to build their personal choices into their plan.
